

Carnations

The Carnations are one of two January Flowers. The carnations come in many different colors and represent Grief, Love and Loyalty.

Benefits of Upgrading your Internet system

If you are having any problems that you know usually aren't supposed to be there, it might be time to upgrade systems or radios.

- There will be an increased reliability with an upgraded system. NO more connection issues
- Upgrading will give a more secure Network, and protect connections on various devices.
- Even when connecting a lot of devices to your upgraded system, the performance will still be good.
- Network performance will be improved!

COVID-19 UPDATE

Last Month's Newsletter stated that the Travel restrictions as well as masks being mandatory would be in effect until at least January 8th with updates following after it.

The Government has extended the travel ban until **February 5, 2021** to reduce the spread of Covid-19.

Social gatherings are still not to be had with people outside of your household. **Stick with only seeing your core bubble**, which for most people is their household. For those who live alone, their core bubble could consist of up to two people outside of the household (partner, friend)

Masks are still mandatory for anyone under the age of 12 or anyone with health restrictions. Masks are to be worn inside a public setting and retail store.
