This Month At The Edge!

The Edge is offering support for anyone who is interested in registering online for the BC Vaccine Card.

Please arrive with your BC Services Card and your Personal Health Number.

In response to Covid-19 Canadian governments are implementing structural changes that are impacting people's everyday lives.

It is highly advised to take note of the Covid-19 restrictions and consider how these restrictions may impact you.

Vaccine verification is becoming mandatory for accessing public and private services across the country. Although **public spaces such as grocery stores, pharmacies and hotels do NOT require proof of vaccine**, many people are being negatively impacted by these mandates as services are being denied to those who do not show proof of vaccination.
