How to improve or maximize your broadband signal

- Trim any tree branches that may be interfering with a clear line of sight

Make sure your Router is located in an open area. The perfect spot will depend on your home, but try not to hide your router in a corner or under a cupboard or inside a drawer—the more central and prominent it is, the better.

- Rebooting your router can sometimes fix a slowed internet.
- If you have tried it all and still have problems please contact us at the Edge.

Remembrance Day is a Memorial Day observed in Commonwealth member states since the end of the First World War in 1919 to honor armed forces members who have died in the line of duty. The day is also marked by war remembrances in several other non-Commonwealth countries.

Registered charities in Canada perform valuable work in our communities, and Canadians support this work in many ways.

The Edge's Registered Charity #86745 4522 RR0001. We welcome regular givers.
