## Hello to all!

My name is Ella Michiels and I've just come on board at The Edge. My skills include A+ Tech, Microsoft Office User Specialist, Website creation & maintenance. Just moved here last year and love the Edgewood area. Gardening, photography and computers (of course) are a few of my hobbies. Hope to meet more people of Edgewood and area!

**ECIS Directors Meeting** on June 23 at 10 am at *The Edge*

## Top 10 Organic Gardening Tips

1. Use only organic gardening supplies.
  2. Rain Barrels collect water from your roof and store it until needed. Rain water is softer and chemical free.
  3. All Natural and organic fertilizers supplies much needed nutrients to plantings. Natural and organic fertilizers generally have a slow release so nutrients last over time.
  4. Push reel mowers are a great way to be eco friendly!
  5. Grow native plants. Native plants require less water. They are also naturally more insect and disease resistant than other plants.
  6. Container gardening is good for planting your favorite flowers and vegetables when space is limited!
  7. Using only natural and organic gardening supplies such as Insecticidal Soap, Horticultural Oil or Organic Disease Control will keep your garden healthy, naturally.
  8. Mulch your flowerbeds and vegetable garden to retain moisture around plants.
  9. Create a bird habitat by placing bird houses, birdbaths and bird feeders in your yard.
  10. Have fun!!! ☺
