Broadband is Coming Here!

As a follow-up to the Inonoaklin and Edgewood and Regional High Speed Allister Milne Youth Intern will continue to follow up on those who have identified themselves as wanting this utility.

We have signed the Telus Master Services Wholesale Agreement for Connecting Communities. Yahoo!
Our ISP will be Okanagan Net:

Okanagan.net

Suite 201 - 1974 Moss Court, Kelowna, V1Y 9L3

John Holman MSCE, Network+, A+,
Technical Services Manager
Email: john@intheairnetworks.com

Each day we are a step closer to our goal:

- To continue to provide the citizens of Edgewood, the Inonoaklin Valley ("our community") and the Regional KootenArrow Networks with equal and inclusive opportunity for access to computer technology, offering training and support to all interested residents of our community who require technological assistance with their educational, entrepreneurial and job skills training, informational, social, cultural, and artistic needs, and to develop community and regional networks.

Have you been by the clinic and seen Glen's Piano's Plus Top Kick Truck? (Thank you to Jim "Filthy" Forbes) This is the temporary space of *The Edge*. A visit by the building inspector necessitates a temporary space for reasons of fire safety before we may have a public opening.

Sorry for any inconvenience this is causing. We anticipate an opening before the end of June.

Remembrance

Rather than ask the mind to search for a solution to a potentially impossible challenge, ask your mind to remember it. The presumption that one once knew the answer creates the mindset that the answer must exist.

Dan Brown, *Angels and Devils*
