## Edge Bites

The Edge Appreciation Tea brought leaders and innovators together to celebrate and showcase the achievements of the Inonoaklin Valley Edgewood Areas Broadband. Honourable Jim Abbott, Parliamentary Secretary, Minister of Canadian Heritage spoke on the importance of using the next generation innovative wireless technology to support rural community development in niche high-tech markets.

In 2010, the global broadband users will exceed 1 billion with 6 billion populations. This means that every one person in 6 will be an individual broadband user. Are you on track to meet the upcoming trends?

Showcasing at the tea was the “**Columbia River Legacy Heritage Photographic Gallery**”. This CD will be available for sale to the public on December 07, 2008 at the Christmas Craft Sale.

### Quote

**“Most importantly, use your brain to evaluate information so you will not be led by false prophets” Lyle Vos**

## Baby Steps to Inonoaklin Edgewood Broadband

### Step 1

Phone *The Edge* for site and signal test strength.

### Step 2
